Get your company noticed and support tomorrow's potential Olympic swimming stars

Newmarket & District Swimming Club (NDSC) is looking for new sponsors to support the Club. We are offering the opportunity to **get your company noticed from as little as £50.**

We have been committed to the sport of swimming for almost a century and continue to be serious contenders in local and regional competitions. The Club based at Newmarket Leisure Centre has just under 100 members and employs a professional coach who is assisted by a committed team of volunteers.

Although we are a thriving Club at the heart of the community we have an annual shortfall against the ever increasing cost of pool hire. That's why we're asking for your help!

Our Open Meets are widely known throughout the competitive swimming community and previous years have attracted 200+ swimmers and 250+ following supporters. Open Meets are good fundraising opportunities for the Club.

SPONSORSHIP OF INDIVIDUAL EVENTS We have several events available of which you may sponsor as many as you wish. Sponsorship of one event costing £60 will get your company :-

- Named on the sponsors page of the programme
- Named in the programme alongside the specific event(s)
- Announced over the PA system in relation to the specific event(s)
- Named on the club website for 1 month

PROGRAMME SPONSORSHIP costing £200

This will get your company:

- Front page acknowledgement for funding the costs of printing the programmes
- Mentioned over the PA system throughout the weekend.
- Named on the sponsors page of the programme
- Named on the club website for 3 months

It is an exciting time within the club. March 2011 saw 17 swimmers at the Suffolk County Championships. We are also recently re-vamped the website and believe there is an opportunity for businesses to support the Club through this. The proposed cost for 1 years inclusion on the website is £50.

If you would like to support us or would like additional information on any of the above, please contact me.

Yours sincerely
